A. GRACE Prop.

There was a large attendance at the annual Picnic held at New Bridgen last Wednesday. The dance at night was greatly enjoyed by all those present.

A fine program of sports was run off during the afternoon.

Jack McTavish returned from overseas on Thursday night, after serving in the Canadian army since August 1914.

C. A. Walters, Castor, was a recent visitor in town.

Mrs. D. Vosburgh spent two weeks at Innisfail visiting with friends.

Rev. W. S. Wickenden was a recent visitor to Saskatoon.

T. C. Harley and wife motored to Pinkham, Sask., for a short visit.

The many friends of Geo. C. Evans will be pleased to know that he is getting along nicely after his recent illness.

W. S. McCulloch returned from Ontario yesterday. Miss Velma Patterson, of Hamilton, a niece, accompanied him and will spend the summer here.

A great deal of damage was done, last Saturday night, by the storm which hit the district south of town. Houses, barns, and other buildings were wrecked. Some of those who suffered loss were: G. Bentley, house and shed, G. W. Mullen, barn, Alex Wilson and others. Bill Gehrke had the top of his car blown off but escaped personal injuries.

Henry and Mrs. Deacon are spending a couple of weeks at Drumheller and Calgary.

Hughie McDonald is back in the district again.

Sounding Lake Local U. F. A. No. 670

The General Meeting of the above Local will be held at the Horse Shoe Schoolhouse on Sat. July 12th, at 8 p. m. Sharp.

All members are requested to attend.

PUBLIC NOTICE

A. C. Gudim has been appointed as Poundkeeper for Townships 35-3 and 35-4, and the Pound is situated on the N. W. 4 28-35-3.

Monitor's annual Sports Day attracted a large number of people, on the 18th. After the parade the program of races, etc., were pulled off. Two fine games of baseball were played during the day, Sounding Creek winning first money with the local team taking second place. The game between Monitor and Sounding Creek was very close, the Creek winning, 6-5.

Some disappointment was felt about the fire-works display, but this was unavoidable as the shipment was held up by the strike and did not arrive here until the day after.

The proceeds of the day went to the local branch of the G. W. V. A.

Pte Ross, husband of the Postmistress at Kirriemuir, returned home recently after four years service overseas.

J. Martin and M. Tallifer returned from B. C. where they looked over the land along the G. T. P.

Public holiday on Tuesday, July 1st, Dominion Day.

At a meeting of the Monitor G. W. V. A. held this week a resolution was passed thanking the citizens of Monitor and district who, through their untiring efforts, were so instrumental in making our Sports Day such a glorious success. The Veterans feel confident that with such co-operation and assistance from the citizens, this Local Branch can look forward to a very successful future.

(Signed) G. W. V. A., Monitor Branch.

The Outstanding Product of a Large Manufacturing House

FOUR large factories and five distributing warehouses stand back of Brandram's Genuine B.B. White Lead.

Every step in its manufacture is closely watched by chemical engineers nothing is left undone which would help to maintain the quality of the world's finest white lead.

Brandram's Genuine B.B. White Lead

is different from any other white lead. To begin with it is corroded by several secret processes which are then merged into a pigment of marvellous smoothness. This pigment is ground no less than five times, first under huge stones, and finally between heavy steel rolls. In this grinding process, it is made into a pulp by being mixed with pure refined linseed oil made in our own linseed oil mills.

Whenever you paint, use Brandram's Genuine B.B. White Lead if you mix your own paint. If you want to save the labor of mixing you can ensure the use of this quality pigment only by getting B-H "English" Paint.

Every Farmer In This District Should Read The Nor'-West Farmer

Western Canada's Oldest Farm Paper

If you are already a subscriber you will want to renew your subscription for another year, and if you are not a subscriber to it you ought to be. No farmer in these days of high prices and labor shortage can afford to do anything but his very best. Through a good farm paper you will get ideas worth many times the small subscription price. Each issue of The Nor-West Farmer is full of valuable information that any up-to-date farmer can use to his own direct advantage. It is edited for the whole farm family. If any reader wants information on any subject relating to either their farm problems or anything else The Nor-West Farmer Information Bureau will get that information for them. Their official veterinarian and legal adviser is at the service of every subscriber, free of all charge. If you have a weed problem, a soil drifting problem, a feed problem, tractor, automobile, or gas engine trouble of any kind, read The Nor-West Farmer, and you will soon get a wealth of ideas from the experience of other farmers who have experienced and solved similar difficulties. The Nor-West Farmer is a "round-table," around which the best farmers of Western Canada meet. Will you be one of them?

FRIDAY, JUNE the 27th, 1919

Note and Comment

The program arranged for the Calgary Exhibition which takes place June 28th to July 5th, is without a doubt the best ever presented, while the facilities for taking care of the visitors, as well as the exhibits, will be greatly enhanced by the new concrete grand stand and cattle pavilion. The new grand stand will seat 6000 people and the cattle building will provide a judging and sale arena as well as stabling accommodations.

The attractions for the 1919 Exhibition include such splendid features as John Philip Sousa and his Band of fifty-five musicians and two vocalists; passenger carrying and stunt flying by two overseas aviators of Calgary and Edmonton; high class vaudeville acts; auto and horse races.

The editor is back on the job again after a four week's trip to Ontario, visiting his old home in Hamilton.

We will endeavor to chronicle the happenings of the past few weeks but no doubt many items will be overlooked, as the time at our disposal in getting this issue printed, is very short.

Sanction for the championship automobile races, which will be held at the Calgary Fair July 4 and 5, has been granted by the International Motor Contest Association, which governs all the big dirt track races in the States and Canada. \$4000 in prize money will be given for the two days racing.

PROVISIONS OF WILD LANDS TAX
ACT MODIFIED BY RECENT
AMENDMENTS

At the last Session of the Provincial Legislature, the Wild Lands Tax Act was amended by legislation introduced by the Minister of Municipal Affairs under whose direction this Act is administered.

One of the outstanding features of these amendments is the widening of the provisions under which exemption from the Tax might be secured. As the Act has been in force during the past four years, all cultivation or pasturage of land whereby exemption might be secured, was required to take place during the year previous to that in which the tax was levied. This

being the case, the purchaser of the land from the Dominion Government or from the C. P. R., who made his purchase in the fall of the year, had no opportunity to earn exemption from the Wild Lands Tax in the following year. This was unfair as the purchaser in question had no control of the land during the previous year, and was thus penalized because of a condition of affairs beyond his control. The Act as it now stands, provides that exemption may be granted if the cultivation takes place prior to the first day of August of the year in which the tax is levied, or if the land is pastured for two months before the first day of July of the year in which the tax is levied. The amount of cultivation, and the number of head of stock required, is left as it was; namely: one quarter of the land must be cultivated, and there must be stock in the proportion of one head of cattle or horses, or three sheep, to every ten acres. The provision in regard to residence exemption also remains the same; namely: a bona fide farmer who is resident on his land is exempt for 640 acres, and such land may be any place within a radius of nine miles from his place of residence.

During past years, the administration of the Act has been criticized because lands were sometimes assessed under this Act that were really exempt from such tax. Because of the large areas given to each Assessor to cover, this was unavoidable as it was impossible for him to see all the land in his district and he had, therefore, to depend for much of his information on hearsay evidence from parties in the community. This led to misunderstanding, and many mistakes were made. This condition of affairs, was very unsatisfactory, and provision has now been made whereby all land taxed under this Act will be actually seen by the Assessor.

In the Municipal Districts, the tax will be levied by the Municipal District, and it will be possible for the official levying the taxes to obtain exact information as to what lands in the District are subject to this tax.

In the unorganized portions the staff of outside Assessors has been increased and each Assessor must see all the land he assesses, no hearsay evidence will be taken. This will insure a proper assessment in the unorganized areas, and no man will be assessed for land not coming under the Act.

The placing of the Wild Land Tax assessment in the hands of the Municipal Districts will also tend to better service in other ways, that is, all taxes on lands in Municipal Districts, with the exception of School taxes in some cases, will now be payable to the Sec-Treas., with only one Tax Roll and Notice. No Tax Notices will be sent out from Edmonton to land owners in a Municipal District.

As far as the unorganized portions are concerned, that is in the Improvement Districts, all taxes levied on land by the Provincial Government will be shown on one Tax Notice in place of two or three as in the past, and only one tax receipt, and all such tax notices and tax receipts will give full particulars as to the amount of the different taxes levied against the land.

Something New, Something Helpful, The B-H Color Scheme Adviser

WOULD you like to "see" your house in its new coat of paint, before you paint it? You can. The Brandram-Henderson "Color Scheme Adviser" enables you to try out different color combinations before deciding on the color scheme most pleasing to your eye.

This unique device consists of a transparent outline of a house, behind which you place color cards of every known shade—one color for the walls and another color for the roof. With the transparent sheet, there comes a set of 40 cards each of a different color. First you try a white card on the walls, in combination with a green card for the roof. Then you try a brown card behind the wall section of the transparency, along with a red card for the roof. And so on, until you have exhausted the possibilities of every known color combination. We have one of these "Color Scheme Advisers" and will be pleased to let you experiment with it before you select your

100% Pure Paint

for the Spring painting of your house or any other building. Of course you are going to paint this Spring—and equally, of course, you are going to use B-H "English" Paint—the paint with the guarantee behind it.

Our store is the B-H Store—which means that this is paint headquarters. The outstanding reputation of this brand is based on its superior covering capacity and exceptional durability—both of which features we know to be due to the combination of Brandram's Genuine B.H. white lead and pure white zinc, which the makers of B-H "English" Paints maintain in spite of the repeated advances in the cost of these ingredients.
